				460 thickness*1260	

NO.	Mode	Name	Picture	Specification	Description
1	MND-WG077	Hard chrome plated bar for men bearing capacity of 1500 pound		2.2 meters long and 28mm in diameter	Spring steel, with 2 copper sleeves, 8 internal bearings, whole hard chrome plating, 1500 pounds, professional weight
2	MND-WG078	Electroplated zinc bar for men bearing capacity of 1000 pound		2.2 meters long and 30mm in diameter	Spring steel, with 2 copper sleeves, 4 internal bearings, electroplated black zinc rod, hard chrome plated sleeve on both
3	MND-WG079	Electroplated bar for men bearing capacity of 750 pound		2.2 meters long and 30mm in diameter	Steel no.45, with 2 copper sleeves, 4 bearings inside, electroplated finish, 700 LBS (with 2 spring clips)
4	MND-WG080	Electroplated bar for men bearing capacity of 500 pound		2.2 meters long and 28mm in diameter	No. 45 steel, with 2 copper sleeves, 2 bearings inside, overall plating decoration, bearing 500 pounds (with two spring clips)
5	MND-WG081	Aluminum bar for women 1.8 metres		1.8 meters long and 28mm in diameter	Aluminum rod with copper sleeve, 4 bearings inside, chemical trim, 500 LBS. (with two spring clips)
6	MND-WG082	Straight bar 1.2 metres		1.2 meters long and 28mm in diameter	Made of pure electroplated steel, 1.2 meters long, bearing capacity of 300 pounds, double bearing with spring spring (with two spring clips)
7	MND-WG083	Curved bar 1.2 metres		1.2 meters long and 28mm in diameter	
8	MND-WG084	OB-20		0.5 meters long and 28mm in diameter	Steel no.45, 2 copper sleeves, 4 bearings, chemical finish, 700 LBS. (with 2 spring clips)

9	MND-WG085	Six - border trainer		1.5 meters long and 60 centimeters wide. It has six sides and bears 500kg	Big bar exercise biceps sharp tool (with two plating clip head)
10	MND-WG086	OB-34		bearing more than 200 kg	Mainly used for core strength training, with special buckle
11	MND-WG087	Eye Bar			Quadrilateral box trainer, mainly used for core strength training, with special buckle (with two spring clips)
12	MND-WG088	B29 bar			
13	MND-WG089	Multi-angle function bar		210*28.5*12cm	Special heavy SwissBar bench press training Austria bar barbell bar SwissBar more Olympic barbell bar
14	MND-WG090	Safety squat bar			three pieces of foam can bear 600kg
15	MND-WG091	Aluminum made snap joint		Diameter 50 mm barbell bar black buckle	Aluminum, high grade
16	MND-WG092	Nyloon made snap joint		Diameter 50 mm barbell bar black buckle	

17	MND-WG093	Weight lifting shoulder pads		39*7.5cm	surface Lifting shoulder pad with strong sponge
18	MND-WG094	Auger single hole fort		520*400*500mm	Single-hole turret fighting special force can fight Thai boxing MMA boxer heavy boxing training, overall steel plate cutting,
19	MND-WG095	waist supporter		The belt is 6.5cm wide, 14cm at the widest part of the back waist, and 0.7cm thick	made of Buffalo skin
20	MND-WG096	Rock climbing plate		High-grade water willow production, not easy to pull bad	2.4m
21	MND-WG097	Weight Lifting platform		High - grade water willow production, anti - fall	1800*1200cm*10cm
22	MND-WG098	Fitness Accessories

52	MND-WG128	Fitness Accessories			
53	MND-WG129	Fitness Accessories			
54	MND-WG130	Pull back device			a set: 5 pieces
55	MND-WG131	Pull back device			a set: 8 pieces
56	MND-WG132	Silicone barbell bar sheath			Silicone rubber handle, mainly used for strength training barbell bar grip, reduce hand friction.
57	MND-WG133	Barbell shock pad			
58	MND-WG134	Chain			

NO.	Mode	Name	Picture	Specification	Description
1	MND-WG135	Yoga wheel		32*13cm	TPE plus ABS material, bearing weight 250kg
2	MND-WG136	Yoga stretch band		180*3cm	Natural and environmentally friendly cotton material, multi-button design without adjustment, 10 grids
3	MND-WG137	Pilates ring		Dia 35cm	High-strength fiberglass steel sheet is used inside, high density NBR foam is used outside, and high-strength PP plastic and EVE material are used for the handle.
4	MND-WG138	Monochrome yoga brick		23*15*7.5cm	High density environmentally friendly EVA material, closed cell foam structure, cutting process, comfortable hand
	MND-WG139	Two-tone yoga brick			
5	MND-WG140	Solid mace		ø12.5*32cm	High quality environmental protection EVA material
6	MND-WG141	Hollow yoga massage column		ø14*33CM	The outer layer is made of high quality environmentally friendly EVA material, and the inner layer is made of high quality PVC material.
7	MND-WG142	Floating foam shaft		30CM*15CM	This product is made of EVA material and has the characteristics of non-toxic, odorless and odorless. It is mainly used to practice balance training. It can relax the

				60cm*15cm	
				90cm*15cm	

8	MND-WG143	PVC Yoga Mat		1730*610*8mm	High quality PVC material
9	MND-WG144	TPE Yoga Mat		1830*610*6mm	TPE material, monochrome
		TPE Yoga Mat		1830*610*6mm	TPE material, two colors
10	MND-WG145	Gymnastic mat		160*61*2.5cm	PU leather, pearl cotton
				140*61*2.5cm	
				120*61*2.5cm	
11	MND-WG146	Tri-fold pad		180*60*4cm	PU leather, pearl cotton
12	MND-WG147	High-grade explosion-proof yoga ball		55cm (Grey)	Thick PVC material, anti-pressure explosion-proof, anti-slip treatment, with fitness print pattern with inflatable tube
				65cm(Blue)	
				75cm (Orange)	
13	MND-WG148	Aerial yoga hammock		5 meter set	With fixed disk, tape
14	MND-WG149	Explosion-proof peanut ball		φ80cm	Environmentally friendly PVC material, matte surface, anti-pressure explosion-proof

15	MND-WG150	Multi-function balance board		80*400mm	PC engineering plastic material
16	MND-WG151	Wooden balance board		75*400mm	Multilayer composite panel
17	MND-WG152	Yoga balance massage cushion		φ330mm	High quality PVC material, anti-pressure explosion-proof
18	MND-WG153	TPE balance pad		50*40*6CM	High quality environmentally friendly TPE material with high density foaming, cutting/molding
19	MND-WG154	Deep rib bone massage stick		45*4.2cm	ABS material PVC soft material, not easy to get stuck, more convenient to use for professionals
20	MND-WG155	Durian hemisphere		16*8cm	High quality PVC material
21	MND-WG156	Professional massage ball		(Dia 7.5cm)	It can be a professional version of the massage ball, with hardened material, the massage thorn is longer, no air holes, no need to pump, no need to adjust the
22	MND-WG157	Single ball		Dia: 6.5CM	Silicone material, no pores, no need to pump
		Peanut ball			

23	MND-WG158	Body assessment form		2.2*1.05	Material, non-woven fabric.
24	MND-WG159	Elastic Resistance rope		5LB, 10LB, 15LB, 20LB, 30LB	Complete set of 5, five colors, tube material TPE handle material pp material + EVA
25	MND-WG160	Elastic Resistance rope		30LB	Surface coating
26	MND-WG161	Resistance band		20LB/40LB/60LB/80LB/100LB	Complete set of 5
27	MND-WG162	elastic band			Complete set of 5 with 5 colors
28	MND-WG163	Mini elastic ring		5LB/10LB/15LB/20LB/25LB	Complete set of 5
29	MND-WG164	Biceps board

	MND-WG194	Resistance umbrella		M size, main umbrella diameter: 95cm 15 pounds	Rainproof nylon umbrella surface, Components: one main umbrella, belt, nylon bag. When running with a resistance

	MND-WG195	Double resistance belt		1200*13*6mm	Natural latex tube plus cloth sleeve, withstand strength of 35-40 pounds
	MND-WG196	TRX RIP		2.6KG: 2 rods /length 52CM diameter 2.5CM elastic web length	Strip webbing, steel tube, latex tube, mostly used for core training
	MND-WG197	Head and neck trainer			Bold iron chain, integral knit band
	MND-WG198	TRX Training belt		can adjust length, the biggest length 2.4m	Main composition : Main rope, connecting belt, door stop, handle, foot ring
	MND-WG199	Wall buckle		Dia 8cm	A set of 2, pure steel, painted on the surface
	MND-WG201	Weight training sled		L1000*W600*H1000mm	2 putters, 1 barbell insert, front and rear double direction, no need to move the sled in the direction of
	MND-WG202	Hammer		6/8/10kg	Made of high quality steel, it is very helpful for its own endurance and explosive power. Length 106cm
	MND-WG203	Tire		40KG	New tires, no dust, no iron spurs, no toxic and tasteless. Physical training fitness tires Hercules explosive endurance
				60KG	
				80KG

1	MND-WG224	Ladder (6 m)		6 M 12 bar	Non-slip horizontal grid + high-density nylon webbing, training body flexibility, balance, and coordination
2	MND-WG225	Ladder (10 m)		10 M 20 sections	
3	MND-WG226	Double Agility ladder			6m
4	MND-WG227	Agility bar		Full set with 5 columns	Full set with 5 columns, adjustable height, up to 320mm, minimum 200mm
5	MND-WG228	Agility ring		Diameter 40CM, a set of 12 pieces, 3 colors	Engineering Plastics, a set of 12 pieces. It can improve the speed of foot movement, body flexibility, balance and
6	MND-WG229	Sign plate		Diameter 20cm height 5cm	Five colors, 25 pieces in one set, soft plastic
7	MND-WG230	Mark tube		height38cm	It is mainly necessary equipment for athletes to train agility and speed.
8	MND-WG231	Hexagonal ball reaction ball		Dia 8CM	Made of high-density and high-elastic rubber, it is must- have product of speed response exercises.
9	MND-WG232	slide plate			ABS engineering plastics

10	MND-WG233	speed skipping		Rope length 2.8m	Handle is made of steel, intrazone 360° rotation, integral wire rope structure
11	MND-WG234	Speed skipping without bearing			3m
12	MND-WG235	ordinary skipping rope		Rope length 2.8m	Made of PVC, PVC plastic handle
13	MND-WG236	boxing glove		Thick PU fabric, 12 oz, one-pair package	Filling fluff and rebound layer, good resilience, not easy to deform
14	MND-WG237	New boxing glove		Thick PU fabric, 13 oz, one-pair package	Thick PU fabric, the liner is formed at one time, professional competitive use, good resilience, not easy to deform
15	MND-WG238	boxing bandage		2.5m*0.05m	cotton belt
16	MND-WG239	foot target		One pack, thick PU fabric, 12cm thick, competitive foot target	Thick PU fabric, the liner is formed at one time, professional competitive use, good resilience, not easy to deform,
17	MND-WG240	hand target		One-pair package, thick PU fabric, PE filler.	Thick PU fabric, the liner is formed at one time, professional competitive use, good resilience, not easy to deform,

18	MND-WG241	Cylindrical tumbler sand		178cm*35cm	The total height of sandbags is about 173cm, which is suitable for people over 4 years old and under 190CM. You can play with adult and children of sandbags. A unified
20	MND-WG243	Humanoid sandbag			height 175cm
21	MND-WG244	Pear-shaped sandbag			thickness 50cm,height 1.2m
22	MND-WG245	Ordinary boxing sandbag		1m*30cm thickness	Thick PU fabric, stainless steel pendant chain, with cotton yarn rubber particles inside.
				1m*40cm thickness	
				1.2m*30cm thickness	
				1.2m*40cm thickness	
				1.5m*30cm thickness	
				1.5m*40cm thickness	
				1.8m*40cm thickness	
23	MND-WG246	Trampoline		40 inches in diameter	Load-bearing 120kg, pipe 1.2mm

24	MND-WG247	Six-side trampoline		48 inches in diameter	Load-bearing 120kg, pipe 1.2mm foldable
25	MND-WG248	68 pedal		68*28.5*10/15	Material: ABS Engineering plastics.Laimei small board
26	MND-WG249	78pedal		80*30*10/15/20	
27	MND-WG250	70pedal		70.5*27.5*12.5	
28	MND-WG251	Pedal (Standard A)		72*36.5*15CM	Material: ABS engineering plastic, accessories: Panel 1 pedal support 4 Weight: about 3.5kg
29	MND-WG252	Pedal (standard B)		110*42*21CM	Specification: 109(L)* 42(W)* 21(H)CM adjustable height: 10CM;15CM;21CM
30	MND-WG253	High-end laimei pedal		100*38.5*20	
31	MND-WG254	Adjustable large pedal		110*33.5*20 (35) CM	Made of polypropylene and thermoplastic-rubber, 20/35CM height adjustable, 4- speed backrest adjustment

No.	Mode	Name	Picture	Specification	Description
1	MND-WG205	Kettle Rack		150 CM in length, 18-20 potbells of different specifications can be placed	Mainly used to place different weight levels of kettlebells, can place 18 kettlebells, the surface is equipped with anti-skid patches.
2	MND-WG206	Lesmill Barbell Frame		20 sets, weighing about 50kg, length, width and height about 140*45.5*107CM	Colour bell piece combination frame, combination bell piece frame, pipe thickness 1.5mm
3	MND-WG207			30 sets, weighing about 65 kg, length, width and height about 185*67*108 CM	Colour bell piece combination frame, combination bell piece frame, pipe thickness 1.5mm
4	MND-WG208			Pipe thickness 2.5mm, net weight 106 kg, product size: 196*72*161CM	Authentic Lyme Barbell Frame, up to 35 sets of Lyme Barbells, Elliptical Tube Design
5	MND-WG209	Weight Plate Trawl		Simple type	Black surface grinding treatment, five-stage placement, with tractor pulley, easy to use
6	MND-WG210	Bell holder			
7	MND-WG211	Fixed Barbell Frame (10 sets)		Pipe thickness 2.5mm, net weight 43.5kg, product size 99*68*136cm	10 fixed barbell racks, high-grade grey spray paint treatment, ellipsoid design
8	MND-WG212	Professional Pharmaceutical Ball Frame (10 packs)		10 pieces, 103CM height, 25CM ball spacing	Precision charge ball placement frame, triangular structure design, more stable, better balance
9	MND-WG213	Yoga rack (9 pieces)		9 pieces, height 184CM, base diameter 60CM, ring diameter 46CM	Silver paint, 360 degree Yoga rack

10	MND-WG214	Energy (horn) rack (5 packages)		Product size: 61.5*68*142CM, baffle spacing 28CM	Five of them are equipped with energy packages, weighing about 22 kg in black.
11	MND-WG215	Velocity Ball Frame (Five piece)		77.5*77.5*150CM, height 30CM	Mainly used for placing semi-circle balance ball, can be placed in 5, surface grinding black treatment, weighing about 20 kg.
12	MND-WG216	Barbell Bar Rack (9 sets)		9 pieces, length, width and height: 50*50*20CM	Standard barbell rod placement rack, weighing about 22 kg
13	MND-WG217				
14	MND-WG218	Wall-mounted Barbell Frame (10 sets)		10 installations (wall frame middle distance can be freely controlled), height is about 106 CM	Plastic wrapped wall frame, can place 10 Olympic rods, avoid wearing rod surface, save space, expansion screw fixed
15	MND-WG219	Puller rack		15 pieces	Flying Bird Accessories Storage Frame, Free to Place
16	MND-WG220	Vertical Dumbbell Frame		10 pairs	
17	MND-WG221	Triangular Dumbbell Frame		6 pairs	Small size dumbbell rack, can place 1-10 kg electroplated dumbbell
18	MND-WG222			10 pairs	
19	MND-WG223	X-type Electroplated Dumbbell Frame (10 pairs)		Length, width and height are about 92.6*52.5*130CM	X-type 10 pairs of small dumbbell racks, thick steel plate high-grade spray paint
